

# 1. Click here to start your competition

Welcome to Creative Challenges, where you can compete or [start your own competition](#):

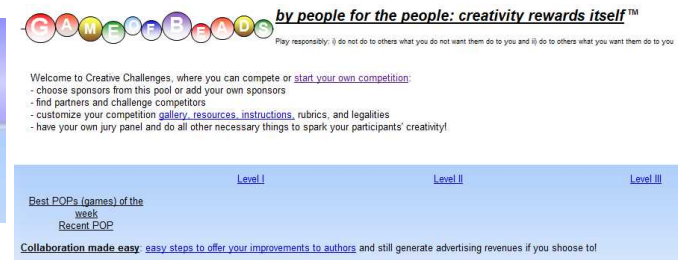

- choose sponsors from this pool or add your own sponsors
- find partners and challenge competitors
- customize your competition gallery, resources, legalities, rubrics, and instructions
- have your own jury panel and do all other necessary things to spark your participants' creativity!

# 2. Type name of your competition and click "Create a new competition" button

# 3. You will see this message, and the gallery identical to the original competition gallery will be created

# 4. To make your changes go to Administration (at the bottom of the page) and select Web Design option

5. Click on any field on the home page and customize the content. You can also customize Help and Resource pages. When you are done, click Update and Administration to exit the Web Design mode.

6. Go to Categories to add/change your categories

7. Go to Groups to give permission to users to create Galleries within your gallery (Administrators), judge (Judges), and their compositions (Contestants). Send passwords to your groups: the system will identify their status when they login. You can leave password blank for contestants if you want anybody to join the competition.

8. You can specify judging criteria in Judging. Judges will be automatically added when login with the corresponding password and register.

9. You can create your own rubrics.

10. You can add your own sponsors.
